Address: No 16, jalan 4/5 seksyen 4, Bandar Rinchng, 43500, Semenyih, Selangor

SUMMARY

A determined student pursuing a Bachelor of Computer Science (Database Management) degree is looking for an IT internship between October 6, 2025, and March 20, 2026. enthusiastic about using academic knowledge in practical contexts, especially in software engineering, database creation, and data analysis. eager to improve technical and problem-solving abilities in a fast-paced IT environment, learn from professionals in the field, and participate to creative projects.

EDUCATION

Universiti Teknikal Malaysia Melaka (UTeM)

BACHELOR OF COMPUTER SCIENCE (DATABASE MANAGEMENT) WITH HONOURS

2022 - 2026

CGPA: 3.2

Kolej Matrikulasi Selangor

JURUSAN SAINS(SAINS HAYAT)

2020- 2022

CGPA: 3.58

EXPERIENCE

Final Year Project | 2025

Developed a PHP-based Driving School Management System with HTML/CSS and MySQL (WAMP). Implemented real-time booking, notifications, and role management for public and private use.

Workshop II Project | 2024–2025

Built a web-based maternal care system (e-Buku Pink) using PHP, HTML, JavaScript, and MySQL/PostgreSQL/MariaDB across Linux and Windows. Focused on secure, real-time data access.

Workshop I Project | 2023

Created a C++ hospital system via command line for ENT & Ophthalmology. Designed patient registration, billing, and medical record modules with MySQL integration.

DBFiesta 2023

Participated as a team member in the national-level DBWizard Database Solution for Community competition at DBFiesta 2023.
