ABOUT ME

A diligent and fast-learning undergraduate student specializing in Database Management, equipped with a strong foundation in database systems, SQL, and programming principles. Proven ability to collaborate effectively within team environments and a keen interest in applying analytical and problem-solving skills to practical challenges. Committed to continuous learning and contributing meaningfully to technology-driven initiatives. Currently seeking an IT internship placement between October 6, 2025, and March 20, 2026, to gain hands-on experience and support organizational goals while fulfilling academic requirements.
